

# Halogen Work Lamp

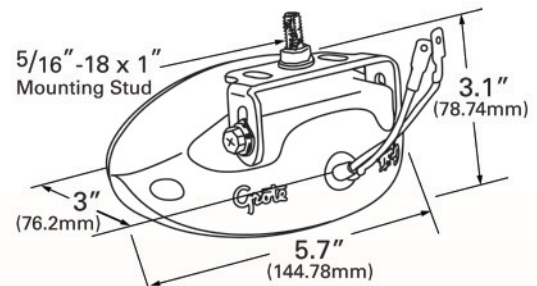

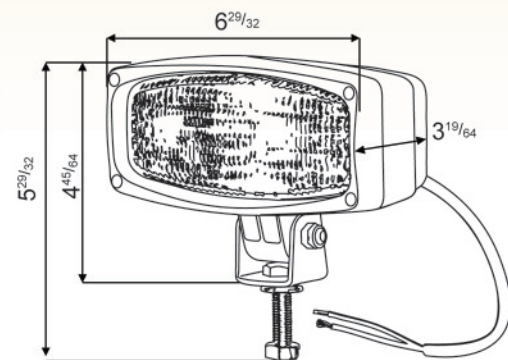

Twin beam flood lamp

Single beam flood lamp

## Product Information Sheet

- Stylish designs
- High light output available in a single or twin beam lamp

### Product Features and Benefits:

- Glass filled fiber, reinforced nylon housing for strength and durability
- Hardened glass lens resists breakage due to road hazards
- Stainless Steel bracket fights corrosion at the mounting point
- Internal metal reflector for high output lighting
- Complies with SAE J575e vibration and corrosion testing standards

Material: Nylon, Glass  
 Finish: Black  
 Bulb: H3  
 Voltage/Amp: 12V/9.4A, 2 X 55 Watts  
 Service Parts: Bulb- 90861-5

Part Number	Light Source	Operating Voltage	Current Draw	Watts	Interchange
64901	2 X Halogen H3	12 V	9.4A	2 X 55W	NA
64911	Halogen H3	12V	4.7A	55W	NA
