

# UltraLink Power Cords

Product Information Sheet

TRAILER WIRING AND COMMUNICATION SYSTEMS

UltraLink Coil Cords features a crush resistant plug and delivers improved performance, longer wear and superior conductivity at a competitive price

## PRODUCT FEATURES AND BENEFITS

- Plug manufactured using molded elastomeric material that resists crushing, acts as potting that seals solid brass terminals from moisture
- Plug molded with a special adhesive that bonds with cable to eliminate the need for a spring
- Solid brass terminals are corrosion resistant and provides superior current-capacity with minimal voltage drop
- Advanced polymer jacketing material is designed to perform between -55 F to 190 F (Premium Versions)
- Superior power delivery for single or double trailer configurations exceeding minimum legal lamp requirements
- Good recoil memory, chemical & abrasion resistance
