Compact bar lamp provides effective 360° visibility to hazardous conditions!

PRODUCT DETAILS

Grote Industries Co. newest addition to the Warning and Hazard product line is a low profile, 15" Reflex™ LED mini bar lamp. This compact, 8 head, bar lamp features 3 high-intensity LEDs per module providing effective 360° visibility to a hazardous condition.

The compact, low profile size, the multiple flash patterns, the low power draw benefits of LED technology make this product a highly flexible, attractively priced, cost effective amber warning solution.

PRODUCT FEATURES AND BENEFITS

- 12-24 VDC
- Eight (8) LED reflector modules each containing 3 high intensity LED's
- Polycarbonate lens and base
- Low power draw
- LED technology contributes to the minimizing of maintenance and repair downtime

TECHNICAL SPECIFICATIONS

- 12-24 VDC
- 3.5 Amp draw
- Permanent and vacuum mount available
