

# 4" Round & 6" Oval Snap-In Cover Plates

Data Sheet

PIGTAILS, GROMMETS AND BRACKETS

## PRODUCT SPECIFICATIONS

### MATERIALS

Polycarbonate  
Finish: Gray/Black

The snap-in cover plate is an essential addition for retro-fits and changes in lighting schemes

- The easy to install cover plate is held in place by snap tabs that accommodate plate thicknesses from .125" to .250"
- The snap-in feature can help reduce installation time by more than 60%
- The molded-in template matching the standard Grote flange mounting hole pattern allows error-free screw mounting for added security
- The included foam gasket minimizes any chance of moisture intrusion
- Requires 4 1/2" or 6 1/2" mounting hole
- Comes in packs of 2 covers
