

GROTE'S GOT IT!

WEATHER PACK TERMINALS AND HOUSINGS

FEATURES AND BENEFITS

- Designed to withstand extreme temperatures, chemicals, fluids
- Commonly used in automotive applications as they seal against dirt, dust, and moisture
- Quickly complete an OEM quality repair instead of purchasing a costly replacement wiring harness
- Easy-to-use positive locking indexing prevents mismatching of connectors
- Dual-locking tangs on terminals help prevent backing out ensuring a strong electrical connection
- Multi-ribbed silicone seals prevent moisture and other contaminants from entering the terminal and triggering corrosion.
- Low-energy, low-voltage capability for vehicle electronics
- Internationally standardized for universal 'under the hood' applications
- All components made in North America

TECHNICAL SPECIFICATIONS

Terminals, seals and plugs available in 10-12GA, 14-16 GA and 18-20 GA
