Compact, rugged and waterproof with up to 100,000 hours of operation!

PRODUCT DETAILS

This compact auxiliary LED Strobe Lamp comprises 4 - 1 watt LEDs, provides up to 100,000 hours of operation. Units are synchronizable with selectable flash pattern configurations.

The waterproof and rugged construction withstands the demands of today's tough work environments and is ideal for both internal and external use. The aluminum base includes an adjustable bracket to mount anywhere. LED technology provides for maximum light output, low power draw and reduced on-going maintenance costs.

PRODUCT FEATURES AND BENEFITS

- SAE Class II, Title XIII, e13 certified
- Multi-voltage input 11~30VDC
- Internal memory recalls last flash pattern used at power up
- Reverse polarity protection and 4 ft cable for ease of installation
- Robust aluminum housing for all types of 12V – 24V applications

Part #	Colour	Voltage	Amps	Flash Patterns
76792	Red	11-30	0.27	19
76795	Blue	11-30	0.27	19
76793	Amber	11-30	0.27	19
