

GROTE FACE SHIELDS

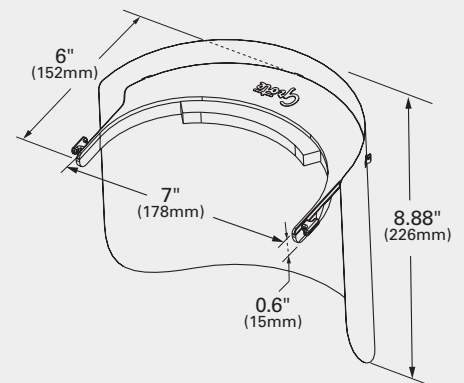

When safety is the number one priority in times of crisis, Grote Industries is here to help

For 119 years Grote has answered the call – providing critical safety products to the world. Today, we are here to announce we are here once more.

Introducing the Grote Manufactured Face Shield

The Grote Face Shield features a lightweight, anti-fog design that comfortably provides extra space between the users forehead and shield. Protection from spills, spray, and flying debris, the Grote Face shield is designed to provide the best protection needed in any environment.
