

LED HEATED SNOW PLOW LAMPS

BUILT FOR THE HARSHTEST ENVIRONMENTS

Grote's new LED heated snow plow lamps feature an integrated sensor that activates automatically to melt away snow and ice from the lamp's surface.

DOT and FMVSS certifications, along with our 2-year warranty, provide peace of mind when using these high-end lamps in extreme conditions.

Additional features include 12–30 VDC operation and a DT series connector harness. Our newly designed retail packaging acts as an attractive and informative sales tool.

84661-4

FEATURES & BENEFITS

- Integrated sensor detects ambient temperature and activates heating element to melt snow and prevent ice buildup
- Heavy-duty construction ideal for the harshest environments
- Housing: Die-cast aluminum; Lens: Glass
- Mounting: Single Post Swivel Mount
