

CRYSTAL CLEAR HEAT SHRINKABLE CONNECTORS

PRODUCT INFORMATION SHEET

TAKE THE GUESSWORK OUT OF CRIMPING!

Crystal Clear Heat Shrinkable Connectors are designed to provide optimal visual assurance that the termination is installed properly and offers visual inspection of the wire condition over the life of the termination.

FEATURES & BENEFITS

- Window butt connector and 45° barrel allows installer to see wire is fully inserted and wire is crimped to terminal
- Window butt connector and 45° barrel on terminals ensure wire is stripped the proper length
- Color stripes provide alignment for tool to crimp center of barrel and indicates industry standard for wire gauge size
- Longer ring terminals provide ideal seal and offers a flush surface without tubing impeding contact between screw and terminal... allows ring terminals to be stacked
- Crystal Clear waterproof insulation allows for indisputable inspection of the wire's condition

LONGER NECK ELIMINATES OBSTRUCTION FROM TUBING TO ENSURE 100% SURFACE CONTACT

Standard connectors don't allow the installer to see the wire which can cause the following problems:

1. Wire stripped too short, which can result in crimping the end of the wire (poor termination)
2. Wire is not fully seated to connector, which can result in a poor termination

Window Butt Connectors

- Window in connector assures that the wire is seated and is being crimped to the connector
- Color-coded stripes also indicate/guide where to position crimp nest to install properly
- Seamless barrel butt connectors ensure superior crimp performance
- Wire-stop in butt connectors prevents over-insertion of wire

45° Ring Terminal

- 45° barrel angle allows tubing to adhere to it and provides stronger seal
- Color-coded stripes also indicate/guide where to position crimp nest to install properly
- Brazed seam barrel ensures superior crimp performance
- Serrations in crimp barrel provide strong mechanical termination

Adhesive-Lined Crystal Clear Heat Shrinkable Tubing

- Crystal Clear tubing provides optimal clarity for visual inspection
- Adhesive-Lined tubing ensures a waterproof seal
- Wire gauge imprint simplifies wire size identification
