

# Light Up Your Workplace, No Matter What Work You Do

Grote Trilliant's pack years of expertise into a flexible, durable package. Its power gives you the lighting performance you need for any mobile work place. Plus, their rugged design allows for easy installation wherever you need it.

**LED WhiteLight™** BETTER LIGHT  
BETTER PERFORMANCE  
INNOVATION by Grote Industries, Inc.

## A family's commitment to the vehicle and transportation lighting industry, spanning more than four generations

**William D. Grote, Founder  
Grote Industries 1901**

Just like many of the distributors, fleets and OEM's Grote Industries serves, we're a family-owned business. Like a number of our customers, we're proud of our family's multi-generational commitment to the transportation industry, reaching back more than a century. If you know the Grote family, you also know that the vehicle lighting business is not just a job to us, it's something that's folded into our family's culture – part of our very DNA. We're fond of saying that "lighting is in our blood" and we're only half kidding.

Unlike many institutionally-owned companies, we're able to draw on our family's time-honored values, built upon our tradition of service to the industry and our fierce entrepreneurial spirit. We're thankful for the visionary legacy of our predecessors and because

of it, we can't help but to see the past, present and future of the lighting industry in a different context from those who simply find themselves working in the lighting business.

Founded on the principles of solid customer relationships, continuous innovation and exceptional product performance, Grote is committed to propelling itself and its industry forward, with inventive products and challenging ideas.

As a corporation, our family's culture extends to our entire organization, around the globe and particularly to our customer-facing staff. Grote is not sales oriented, we're not engineering oriented – we're relationship oriented and we're working hard every day to uphold our reputation and continue to earn your trust.

The Grote family has played a prominent role in shaping the vehicle lighting industry. We are deeply and personally engaged today, as we will be in the future, to make the kind of brave choices and bold decisions that will help move the vehicle lighting industry ahead and into an even brighter tomorrow.

# Trilliant®: A Lot of Light from A Lot of Lamp

GROTE'S TRILLIANT® LAMPS ARE DESIGNED FOR RUGGED APPLICATIONS THAT CALL FOR A MAXIMUM AMOUNT OF LIGHT.

The Trilliant family's durable 1/2" stud mounting bracket coupled with its exclusive Aim-N-Go™ technology allows mounting almost anywhere. And it's take-anything mounting bracket is not the only thing that's durable. Our LED technology can take all the vibration and shock a workplace can give. Best of all, Trilliants are from Grote, the first name in mobile workplace lighting.

Long-lasting, cool running, high output LED work lamp

Field tested to survive in brutal off-road conditions

Optional replacement lenses provide quick-change beam patterns

Integrated switch-operated versions available

Color temperature provides a natural contrast most like sunlight, reducing eye fatigue

Superior performance on mining, construction, off-road, agriculture, utility, emergency, and military vehicles

ECE R10, Dir.72/245/EEC, Amended by 2006/28/EC
