

NEW | LED Beacon

LED Material Handling Beacon – Class III

▶▶ NOW AVAILABLE!

Compact and well-constructed LED warning and hazard product!

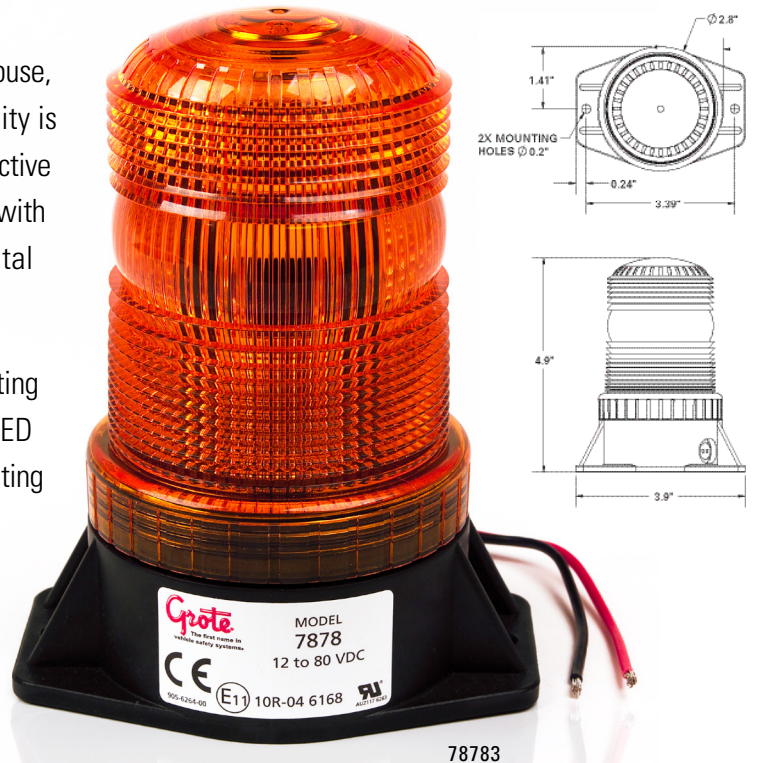

FEATURES AND BENEFITS

This compact LED beacon is an ideal lamp for use in warehouse, yards and many other off-road applications where visibility is needed. It features three ½-watt LEDs making it a cost effective and maintenance free solution. The reinforced nylon base with epoxy-sealed electronics provides superior environmental protection against the elements and vibration.

This high quality and economical beacon has a wide operating range of 12-80V and low amp draw characteristics of LED technology, making it an ideal replacement solution for rotating or strobe beacons.
