Compact self-adhesive LED auxiliary warning light – simple and easy mounting option

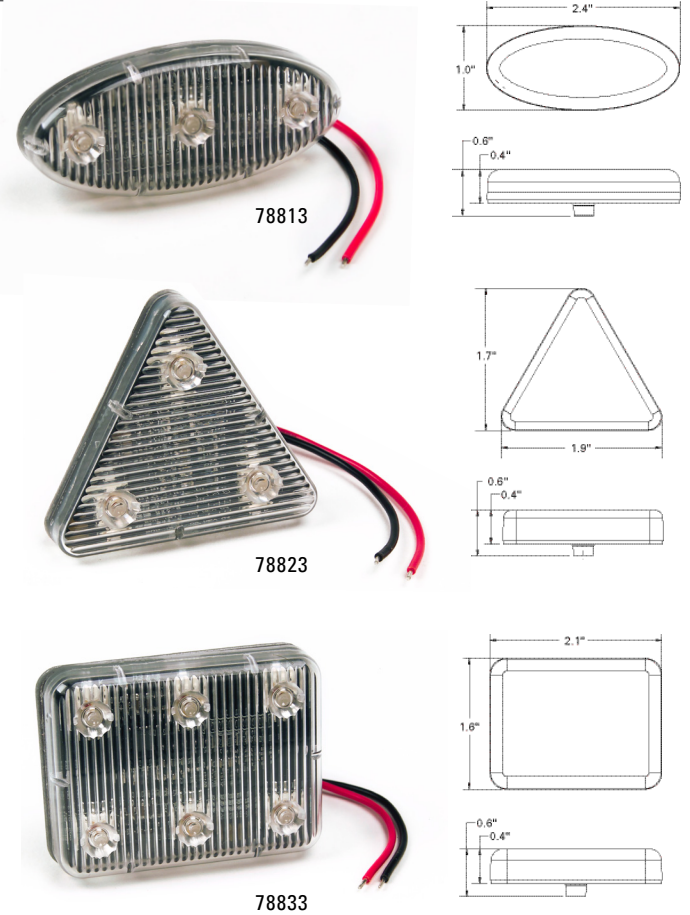

FEATURES AND BENEFITS

Grote Industries newest addition to the Warning and Hazard category are these self-adhesive LED auxiliary lights. These lamps are designed to provide a powerful warning signal in a compact size. Fast and easy installation, just peel and stick to any flat surface. No fasteners are needed, only a single (wiring) hole and simple two wire connections to install.

Available in 3 shapes; Oval (3 LEDs), Triangle (3 LEDs) and Rectangle (6 LEDs). Each model features a tough polycarbonate base and lens with integrated optics that provide enhanced light dispersion. Popular with agriculture, utility, recreational and material handling vehicles. Improve Visibility, Improve Safety!
